TURNERS FALLS SAYS THANK Y

Someone once told me – time passes extremely fast as you get older and you are doing something enjoyable. I have found that statement to be quite accurate. Twenty five years of coaching sports at Turners High School have passed in a time frame that seems like only yesterday.

It has been a wonderful quarter of a century for me working with young men on the athletic fields. Like all jobs, coaching has its good and not so good times. Fortunately, the good has far outweighed the bad.

Unfortunately, winning athletic contests all too often becomes the only criteria some measure success by in all levels of athletics—including high school. I, as a teacher and coach, never held that belief. Winning the athletic contest is nice, but being a winner in life is far more important. I can only hope that the values and experiences that students can attain in athletics have, in some small way,

YOU FOR TWENTY FIVE YEARS

helped them to be winners in life. For this purpose, to me, is the only justifiable reason for high school athletics.

I would like to thank the school administration/staff, Athletic Directors Bourdeau and Cournoyer, fellow coaches, fans of TFHS athletics, the TFHS All Sports Booster Club, the parents of athletes I have coached, my wife, son, family and friends for their support and backing over the years. To all the student athletes that I have coached–thank you for making the past twenty five years of coaching at Turners Falls High School a most rewarding and unforgettable experience.

James Koldis

Jimmy & John,

On behalf of the staff, students, and fans whose lives have been touched by two of the classiest men I have had the pleasure to know, thank you for being there for the students of Turners Falls High School for the past twenty-five years. You will certainly be missed of our fields for many years to come.

Geeks, Nerds, and Assorted Weirdos

As we look back on our High School Years we are going to have many memories. Some good, some bad. And on these two pages we wanted to show that there's a little geek in all of us. Even your best friend might be a nerd. These are funny memories you will always have as ***We All Shine On.***

Chris Zink (possible Geek of the Week) shows us his ballet expertise as he auditions for Swan Lake.

Xave Jackman (disco king) wishes he was a teen during the 70's.

Below: Shannon Young attemps to catch the fly that has been bothering the people at the table

Heidi Hackett gives us her best impersonation of Betty Beaver.

Jeff Morin shows you exactly what school lunch can do to your face.

Above Center: Xave Jackman displays how an active member of the calculator club spends his afternoons.

Eric Czernich flies through the air like Peter Pan (where's the tights).

Above Center: Jen Parent and Kate Letourneau are dressed and ready for the prom.

Left: Kate Letourneau shows her excitemnet as she is crowned Miss America.

Below center: Shannon Campbell shows us what can happen to your face when you don't eat all your vagatables.

Stacey Powers and Raelene Lemoine do their best impersonations of one another.

John Lamonikas, you can't surf in school, y'know!

David Pillsbury laughs as Rich Lilly is busy monkeying around

Mrs. Neville says, I don't want to grow up, I'll never grow up.

Ange Burek is shocked that Jen Emond forgot her dentures today.

Who knew that inside Jason Watroba was a real live cartoon character.

Mrs. Neville and Mr. Bush sit and watch the baseball tournament and probably discuss, what it use to be like, what happened, and what it is like now.

Hannah Neville has been the 1993 Class Advisor for our entire four years of high school. From the beginning of our freshman year until the very end of it all, she has made a valuable commitment to the class of 1993 and we thank her for it. She took the job as our advisor without exactly knowing how complicated we would be, but through it all she became our teacher, our leader, and most of all, our friend.The class of 1993 thanks Mrs. Hannah Neville for everything she has done for us. She has been one of the few who have never completely gave up on us. She pushed us when we needed that extra push and she was always there for us when we needed a helping hand.

Hannah Neville has devoted the majority of her time planning and organizing our float making, although our float never won, our fund-raisers, the prom, class trip, the class gift and our graduation. These four years we have shared have been primarily made up of hard work, long talks and plenty of laughter. We, the class of 1993, have finally come together, all as friends, because of Mrs. Neville's determination to unite us all.

We are now finally on our way towards graduation and without her, we believe none of this would have been possible. We thank you for making the Class of 1993 a success....we will never forget you.

Jen Parent

Class Officers: Top row: Emily Albright, Kris Semb. Standing: Eric Bodenstein, Jenn Emond, Kerianne Kalinowski

Natasha Widener and Karyn Cassidy always have time for a picture.

What makes the Class of 1993 unique is our togetherness. We were one of the most closeknit classes in the school, in all of the years that we were here. We work together because of our attitudes and sense of school pride. There are always people who will lend a hand to help others in our class, which is something that people don't expect from Seniors.

We are a class who works hard in reaching our academic best. We have a challenging curriculum that is taken very seriously. Students looking towards what the future holds for them. Our class has some of the highest numbers making honor roll.

We have a high number of athletes. The seniors dominate all varsity sports, giving each of them tournament potential. In combined efforts, the Class of 1993 has won the Annual Field Day Games for three consecutive years. Students with all kinds of talent joined forces to win the highly prized potato chips. Whether it was leap frog or chess, everyone had fun.

We displayed unity on our trip to Bretton Woods. As sophomores, a group of 50 plus people went on a weekend ski-trip. The feelings of warmth, friendship, and togetherness were well displayed.

In our junior year we had a new principal with new changes. We did our best to extend a warm welcome to him.

Whether it's Booster Day or just a fund-raiser, our class works together towards a common goal. The class of 1993 is an example for all future classes to follow.

The gang (Stacey Powers, Raelene Lemoine, Jen Emond,Sarah Valley, Emily Albright, Sherri Kelley) hangs out for some rays at lunch.

Blithe Spirit

Last year's play was entitled ***Blithe Spirit.*** It was a three act comedy that seemed to be enjoyed by all. Karyn Cassidy played the role of Elvira (Charles's first wife) who came back to haunt her husband. Charles, played by Michael Hebert, is the only person who can see or hear her. Everyone thinks he is going crazy, especially his second wife, Ruth, played by Tiffany Brown. Ruth eventually finds out Elvira is real, however, and is killed. Charles is then haunted by both women and doesn't know what to do. Ovide Cadran and Sue Burnham played the roles of Dr. and Mrs. Bradman; Lauri MacMunn played the role of the psychic Madame Arcati and Nicole Stroup-Kapise played Edith the maid. It was a very funny play, presented in excellent fashion, and received very well.

"Yes Mum!" Nicole says.

Madame Arcati says," Stop holding hands and lets get serious."

In the mock trial of last year, Michael Hebert was charged with DWI, driving while intoxicated. Although we made light with the captions this is a very serious matter. He was found guilty by a retired Massachusetts judge. Two area attorneys and two local police officers donated their time to help present a real life case. The students unanimously found Michael guilty. Tiffany Brown played the clerk and announced the guilty verdict. Hopefully the students learned the seriousness of drinking and driving and it's consequences.

And We all March on .....

The Turners Falls High School Marching Indians are a band who will never be forgotten by anyone. They are a band so content and high spirited that they were able to raise Elvis from the dead. This excited the many Turners' fans while giving their foes a headache from the Tomahawk Chop. The Turners' Cheerleaders were dropping from exhaustion.

The band likes to think of itself as the best band in the nation after receiving a check for $1000 for placing first in the rededication of the French King Bridge, beating out both the Mahar and the Greenfield bands. The bands consistant excellent halftime shows add to their glory. Where else can you find a band so full of talent and personality? Only here, baby, home of the beloved Turners Injun.

CALCULATOR CLUB

One of the most popular clubs in school is the calculator club. Our calculator club captured the pretigious Silver Award at this year's national convention. Most of the time the caculator club explores those rarely used inverse functions and are hoping to venture out into the Base-N mode. The social life of a calculator club member is to say the least "wild." All night parties with such crazy games as pin the tail on the Mantissa and spell naughty words when your calculator is upside down. In this age of digatal technology this club has their future calculated.

NATIONAL HONOR SOCIETY

The National Honor Society is one of the oldest and most prestigious organizations for high school students. Chapters exist in three-fourths of the nation's high schools and thousands of dollars in scholarships have been awarded to members.

Students contribute to the community and to their school in the areas of Scholarship, service, leadership, and character as well as maintaining a 3.2 GPA. NHS students tutor other students, help the Salvation Army in collecting donations, as well as leadership in classes and all school activities. These members are the nation's future. NHS members are our very best.

PEER EDUCATION

Over the last few years, Peer Ed has expanded greatly. It's a yearly project that first involves three days of training. Then, during the spring, the whole group goes to Sheffield school and teaches the kids the danger of alcohol, drugs, and peer pressure. We've had a lot of fun, because it teaches us as much as it teaches the children - if not more. And now it's so popular, all kinds of people have joined to help out.

But, regardless of what kind of people there are, they'll all say it's an experience in which we will ALL SHINE ON.

SKI CLUB

Turners will be continuing its Ski Club this year. The club travels to Berkshire East once a week for approximately ten weeks looking for big moguls and fresh white powder. While Warren Thomas, Kris Semb, and Kevin Neville ski the slopes, Jeremy Reipold, Peter Lyman, and Brett Neville hang out in the lodge with Tegan Unitas and the other ski bunnies. Turners also will have many prospects like Andre Lundquist, James Tela, Chris Zink, Ryan Interlande, and Chad Waryas all hoping for fresh snow every day.

GUIDANCE ADVISORY COUNCIL

The Guidance Advisory Council is a group of students who meet with Mr. Avery to discuss common problems among students.Recently the group constructed a handbook which provides infomation to new students on the school's academic program and extra-curicular activities and clubs. The groups future plans are to meet with the new students over lunch to discuss the transition to our school, and we plan to sponsor a dance.

SADD

This year was a great year for SADD (Students Against Drivng Drunk). We had about forty excited, enthusiastic members. SADD is an organization whose purpose is to educate students about the dangers of drinking and driving. We carried this out by handing out red ribbons at the Turkey Day game. We organized a mock accident during prom week. We also educated ourselves by listening to speakers whose lives have been changed by drunk drivers. Our hard working advisors were Mrs. Heselton and Mr.Kelley.

STUDENT COUNCIL

The Student Council is an organization intended to give students experience in the democratic process while helping form responsible values and attributes. Cooperation is the key. It is in effect a governing body that authorizes student activities; serves as a voice for student concerns and affairs while helping the administration and staff in a myriad of ways relating to education and extra-curricular activities. It also involves itself with the community and serves as a point of contact for organizations interested in helping the school.

SPAM CLUB

This year"s Home Economics Club addressed a pressing issue of the times, the low public opinion of Spam. They even changed the name of the club to the Spam Club. With this new name they set out on a crusade throughout the county to return Spam to it's original glory. With these efforts the Spam approval rating in Franklin County has increased almost 12%. But Spam executive in charge of public relations, Jen Parent, warned "While these initial battles have had some success, the war is far from won. With generic canned foods flooding the markets at cheap prices and even cheaper quality, we must educate the public on Spam's quality, usefulness, and versatility. We will not rest until this goal is accomplished."

YEARBOOK

The Yearbook experienced a transition year this year. Mr. Kelley was brand new as was most of the staff. What we lacked in experince we had numbers. This year the yearbook was produced on the computer and will be produced in this method for the future. Like any new method it took significantly more energy this year but this will pay off down the road. Ovide Cadran, Taryn Scott, and Sherri Kelley led an energetic yearbook staff into the unknown. Homeroom with over forty people was to say the least hectic.

Booster Day ' 92

This year's booster Day theme was board games. The seniors slogan was, When you are in mate, you'll meet your fate; CHECK-MATE!" The juniors won the contest and had the Indians moving STRATEBICALLY into battle with their battleship float. The "snazzy" sophomores put East Longmeadow in pursuit with their float TRIVIAL PURSUIT. The fabulous freshmen used "when we hit we don't miss" slogan to attract the eyes of the parade watchers.

The fans were psyched with their white towels in hand waiting for their Indians. Spirits remained high as our team notched another victory.

Set The Night to Music

On April 23, 1992, it may have been a cold rainy day, but is was not going to dampen the spirit as they drove to the Delaney House in Northampton, so they could ***Set The Night To Music****. This was a very appropriate theme, as everyone dance the night away to D. J. Tom Mayo. Everyone was excited as they announced the King and Queen, Travis Lively and Tina Grybko. The class of '93 was happy to see the prom they spent a year planning for go off without a hitch. The staff of the Delaney House commented that they rarely see young people have as much fun and behave as well at the same time. It was a night which we will never forget as* ***We All Shine On****....*

Set The Night To Music was an approprite them as you look at everyone doing the Eclectric Glide.

Class of 94'

"Crack! Bang!" these were the sounds that we heard about 10:30 Saturday morning, as our float fell apart. We had about fifteen minutes until the judges looked at it. After staying up until 3:00 AM working on this float, there was no way we were giving up now. Everybody pulled together. People were running around with hammers and nails, paint, and other little necessities; just to get the job done. I guess we did enough, because we won first place.

This goes to show how the class of 94' knows how to pull together and get through rough times. This class has been through things like booster day, the prom, and fund-raisers, but life isn't always that easy to get through. The roughest thing that we went through was the loss of a classmate and friend, Trina Hamilton.

Over the years, this class has done a whole 180° turn. We've gone from little smart mouthed freshmen, with nothing on our mind but joking around; to very broad-minded Juniors that realize that they have a life to live after high school. The class of 94' is a new class. It's a class with dreams, goals, and destinies. I know every single kid in this class can reach their dreams or even the stars if they want it badly enough.

The Sophomore Class is unique because throughout our hard times we have always worked things out together. Not having a class advisor for about four months created difficulties. We were not able to plan future events with our class officers, and there were no class meetings. We got off to a late start on getting fund-raisers together.

However, the class has many responsible, organized students who were willing to work and get the class back on track. Our class is full of spirited students who are willing to help and contribute their efforts. Working together in harmony makes our class unique.

Freshmen Class Officers: Back row, Adam Graves, Michelle Moore, Jessica Williams, Rick Deome, Denise Lemay. Sitting in front: Jillian Mackin.

what's the difference

The freshmen class is very unique. Our class is made up of different cultures and skin colors, although we are all treated equally. Our class is made up of diverse lifestles; each one strengthening the class as a whole.

Upon entering the high school we had to matter a great deal and in a brief time. Expectations increased tremendously and we were challenged by everyone upon our arrival at the high school. It was shaky at first but we finally met our goal of being accepted as a part of the high school, the Class of '96.

We came together as a class on our first major project, the construction of "Battleship", our Booster Day Float. Although we were judged a disappointing fourth, we learned a valuable lesson of how to work together as a large group. Kate Rosewarne and Eric Adams were voted to represent our class as Lady in Waiting and Knight in the Booster Day Court.

Demands upon us have increased dramatically since last year. Expectations we have of ourselves as well as expectations others have of us have increased and with it brought a new level of confidence and a sense of responsibility. For each of us, and our class as a whole this year, our first at Turners Falls High School, has been a growing experience that we will be able to look back at with great memories.

With more than half of our squad being new and a new coach this year, getting ready for the upcoming football season was a challange. A lot of hard work and dedication got us there. This year our boys went undefeated and were sent to the **SUPER BOWL!** " We're from Turners Falls and no one could be prouder," was a popular feeling amoung the crowd. At every game, rain or shine we would "Excite You" with our endless enthusiasm.

We worked hard to put together both a Booster Day Rally and Turkey Day Rally for everyone to enjoy. Various cheers, mounts, and dances made the fans "stop, look, and listen" because "Turners is here." Later in the year comes tournament. This is something we do for ourselves. It is composed of three minutes of difficault mounts, cheers, and dance in which we give it all we've got. We have high hopes for ending the season with a few great trophies....

Cheers!

Golf

The T.F.H.S 1992 Golf Teamhad a very successful season. The team finished with an outstanding record of eleven wins, three losses, and one tie. The record was such that the team finished tied for first place in the Northern Division with Greenfield.

The team qualified for the Western Massachusetts Team Tournament at Hickory Ridge Country Club. Mark Lambert, Ryan McCord, and Warren Thomas went to the Western Mass Individual Tournament which was held at Cranwell Country Club in Lenox, MA.

This year the team should do well with the combination of the senior leadership of Warren Thomas and Chad Lemere and the steadily improving underclassmen Wasielewski, Brocklesby, Kuzontkoski, and Allis.

INDIANS FOOTBALL

It had been sixteen years since this town has seen an Intercounty League Championship until now. The Turners Falls Indians made their first Superbowl appearance on December 5,1992. The Indians went undefeated in the league and made a strong showing in the Superbowl. They encountered their first obstacle when they faced the league runner-up Athol. This challenge was overcome with a 28-14 win. The next and seemingly last obstacle was the powerful Ware team. It was overcome with a sound 40-0 win leaving the road to the Superbowl paved before them.

What are they doing now?

The 1992 soccer season was a season that many would compare to a roller coaster ride, full of ups and downs and unexpected surprises around the corner.

With the loss of seven seniors from the class of '92 came some gaps to fill. Some went out of their way to fill those gaps- all the way from Sweden came Anders Lunquist. A veteran soccer player, Lunquist showed outstanding skill on the field and received Top Offensive Player. Another newcomer was freshmen, David Pillsbury. David did an outstanding job filling the gap of goalie left open by an All-League veteran. Pillsbury has the potential to follow in those footsteps. Along with the loss of many players due to graduation, injuries, and academic difficulties also came many outstanding returnees. Among them captains Kevin Neville and Paul Martineau. With experience under their belt they led the team both offensively and defensively. Other returning seniors were Peter Lyman, Chad Waryas, James Tela, and senior newcomers Tom Mierzwa and Andres Lunquist.

The team may not have had a winning record but it was full of surprises. Many teams came with the "no need to worry about these guys" attitude but they started to once this Turners team showed they weren't going to give up that easy. Teams such as Greenfield and Pioneer learned the hard way. The 1992 soccer team ended its season on an upward note beating Franklin Tech 4-1. The team showed a great deal of improvement from the beginning. The Future looks promising for the Indian soccer team.

Field Hockey

The Turners Falls Field Hockey Team is no longer the doormat for anyone to step on. They have worked long and hard to finally prove their ability to win. With the help of many experienced players, they managed to end the season with a record of five wins, six losses, and one tie.

Co-captains Kate Letoureau and Jen Parent helped lead the team in a winning direction. Other seniors, Jen Felton, Ange Burek, Jen Emond, and Andrea Beaubien also helped the team achieve their goals. At the end of the season, trophies were given out. Kate Letoureau, Ange Burek, and Jen Parent for best offensive players, Andrea Beaubien for best defensive player, Sarah Valley got the most improved players, Alissa Felton got rookie of the year, and most spirited went to Malisa Little. Every player contributed to the team which helped make Turners Falls High School Field Hockey Team successful.

1st row: Kai Bembury, Shannon Kelley, Keri Lynch, Kelly Klaiber, Kim Tower, Beth Grybko, Jillian Mackin, Kate MacMunn, Sarah Newman, Coach Bogue. 2nd row: Malisa Little, Emmy Garcia, Shannon Campbell, Kate Lynch, Barbara Bogue, Kristi Brozo, Alissa Felton. 3rd row: Andrea Beaubien, Angela Burek, Jen Parent, Kate Letoureau, Jen Emond, Jen Felton.

We are proud of our accomplishments. We have weathered the ups and downs; we will not succumb to the pressure and the burnout. We will believe in ourselves and each other. We are a team; we are Turners Falls Volleyball. With this in mind we played our hardest and gave each game our best. We ended our regular season in second place with a record of 17 win and only 3 looses. In the Western Massachusetts Tournament semi-finals we faced Athol. In a long hard fought five game battle Turners Falls reigned victorious. We were up against Frontier in the finals. We gave everything we had but just fell short. We had a good season and certainly one to remember forever. Perhaps the quote remembered will be, "when facing a difficult task, act as though it is impossible to fail. If you're going after Moby Dick, take along the Tartar Sauce."

GIRLS BASKETBALL

Mr. Bourbeau. Malisa Little, Beth Grybko, Sarah Stafford, Nick Moore, Ange Burek, Carin Duda, Amie Villeneuve, Kristi Brozo, Michelle Lefevbre, Jen Emond, Meagan Weller, Nick Brown.

It seems like the summer leagues and camps of last summer have begun to pay off. The 1992-93 girls basketball teams have boasted their best records in some years.

The varsity, led by captains Angela Burek and Jenn Emond, is tournament bound. They finished the regular season holding a 8–11 record. The tourney experience and a core of underclassmen makes Bob Bourbeau optimistic for next year, with Michelle Lefebvre and Nicki Moore returning, who wouldn't be.

The junior varsity, too, has jumped from 2-14-1 in 1992 to 5-12 in 1993. Improved skills and a better knowledge of the game are reasons Greg Waters' team is on the up and up. The talented guard duo of Becky Rushford and Heather Lilly along with Taryn Scott under the basket will only enhance the 1993-94 Lady Indians hopes of a successful season. Turners Falls is on the rise.

TURNERS FALLS BASKETBALL

The basketball season started a little later than usual in 1992-93, because the football team had qualified for the super bowl. Despite the late start, the team had plenty of reason for optimism with the return of several starters and the addition of transfer student, Chris Sweeney. Chris came from Greenfield and despite the fact that he had not played varsity ball, it didn't take long for Chris to show the coaches and his teammates that he would have a major impact on the basketball season. Hopefully, Chris could fill the void left by the loss of two year starter Mark Brown who was sidelined for the entire season with a separated shoulder.

The roster included returning starters Mark Cadyand Steve Smith. Dan Moore who played a major role off the bench in the '91-92' season had worked on his game over the summer and promised to fill a starting role real nicely. Jeff Morin, and Xavier Jackman also members of the senior class would give challenge to Cady and Sweeney in the back court and Tavares Brewington, and Eric Bodenstein would certainly have something to say about game minutes at the foward and center spots. Matt Ganon joined the team late do to a waiver procedure that took longer than anticipated. It looked like Turners basketball was looking up.

After a terrible opening at the Casey Classic the Indians reeled off six straight victories before losng a heart breaker to Athol. Despite this loss, the Turners basketball team seemed to be for real this year. However, Athol must have severed the major artery of confidence becauce the performance of the Turners basketball team declined steadily. After a six and two start, the Indians finished at nine wins and eleven losses. Number nine was the sweetest of them all. Highly touted Smith Academy rolled into town with a record of ten wins against only two losses and no reason to fear a struggling Turners club. However, after regulation time has expired, the score read Turners 58 - Smith 58. Turners came up with eleven big points against the Smith's eight in the overtime period. The final score which read Turners 69 - Smith 66 will be etched in the minds of many for years to come.

The eight victories were enough to qualify for the Western Mass. Tourney and Turners was seeded at the eleventh spot in the field which awarded them a home game against Monson High School. After a dismal first half of the Monson game (nine points) they rallied with a dramatic come from behind victory Turners 48 - Munson 44. At press time they were headed to St. Mary's for the second round game.

SHERI,

It has been a long, hard road at times, seeming too difficult to go on, but YOU HAVE continued and triumphed over every obstacle, with your own special flare! You may be sad that this chapter of your life is coming to a close, but just remember, this ending will be followed by a new beginning that will be even more exciting! I know that you will greet this new beginning with the same determination for success that you have shown throughout the past 18 years. You have made me very proud of you and I love you very much.

When you came into the family
you were very much the smallest.
As you graduate from High School
you are definitely the tallest.

You started out real shy
although always very kind.
The thought of playing football
the furthest thing from your mind.

You took to downhill skiing
like a bird takes to the sky.
Watching you at Berkshire East
my goodness how you'd fly!

The way you hit a golf ball
is a wonder to behold.
But the best thing you've done for us
is doing what you were told.

We're very proud of all your growth
of all the things you've done.
But what we are most proud of is
we can call you, Son.

Love,
Mom & Dad

To Kevin:

T'is a gift to be simple
T'is a gift to free
T'is a gift to come down
where we ought to be...
And when we find ourselves
in the place just right
T'will be in the valley
of love and delight

We hope you'll seek that valley, Kev. You've worked hard all your life and you deserve it. We're proud!

My Dearest Trina,

There were so many nights that I sat awake thinking about you. So many nights wondering how you were doing, and what you were doing.

Thinking about how long we've been apart. Even wondering at times if I was in your thoughts. I had hoped that I was, but how could I be sure.

I had heard so much about you, and how you had become beautiful. More beautiful than when I last saw you.

And when it happened, we came into each others lives again. I than realized how much I had missed being without you for so long, and that we had so much to make up for.

Little did I know, we'd have so precious little time to spend together. But in that time you filled all my dreams. Not only did we become mother and daughter again, but we became friends.

But now I have lost you Trina, but I also know not for long. Someday we'll be back together again. Sharing those precious moments that we shared in this past year.

I can now go to bed at night, knowing that as my thoughts are of you, yours are of me.

Sleep tight my Little Trina
I will Miss You
Love Your Mom
Linda

Trina,

It's hard for everyone to take the pain. I am taking it well. I don't want to believe that you're gone. I remember that when we were small and getting older we used to fight so much, then last month we started to get along. Now that you're gone, I never got to tell you how much I enjoy your company and how much I loved you.

It's hard to say I love you to your face because you would laugh and say shut up Corey. I never told you and that hurts so much. I will never see you again but I have a good memory of you. Love ya....

Your Bro
Corey

We hope you're alright,
We love you and miss you.
Corey & Dad

CONGRATULATIONS NORM

We are so very proud of your skills and talents, of your hard work and accomplishments, of your dreams and plans for the future.

But, more important than these, we're proud of the person you are inside - of the goodness and generosity which are so much a part of your daily life.

You are a very special person, and we wish you only the best.

You were always such a sweet little girl,
my little helper, and your questions helped me
to find new beauty in the world. I learned a lot
from watching you grow up.
I love the woman you have become...
confident, talented, self assured,
but sometimes I miss the little girl
you once were.

Love From Mom

You're all grown up and independent now,
and you've become a wonderful woman,
but you are still, and always will be,
my little girl.
I can't help worrying about you,
even though I know you can take care of yourself.
Caring for you is a habit
I've had for a long time.
